4186 Klucel E, low viscosity	500g	62.00
4187 Klucel G, med Viscosity	500g	57.00

4188 **Zin Shofu**

Precipitated Japanese Wheat Starch 1.5 Kgs 55.00

NEW JunFunori®

Water-soluble polysaccharide. JunFunori is extracted from the red alga Gloiopeltis furcata. A natural product used in conservation. It is particularly suitable for consolidating matt and powdery paint layers, but also as a retouching medium for facings. This is Funori of the highest grade due to a specially developed cleaning process. This product is exclusively manufactured by Lascaux.
